

Quality Policy

Basic Philosophy

We provide safety and quality that allows customers to use our products with peace of mind, trust, and satisfaction.

Basic Policy

1. We will strive to create attractive products that live up to expectations and satisfy customers.
2. We will comply with all relevant laws and industry standards, and strive to improve the quality of our design, manufacturing, sales and services.
3. We will set quality targets and regularly review them while always striving for the highest levels of safety and quality.
4. All employees will recognize their respective roles and strive to achieve quality goals.
